Attention: Mr. M. J. Veneroso, Materials Handling & Packaging Engineering

Gentlemen:

In answer to your letter of September 25th, 1978 we are enclosing a MATERIAL SAFETY DATA SHEET on Oakite Stripper DP. This product does not contain any photochemically reactive substances as listed under Rule 66.

This product is a hazardous material and is subject to DOT regulations in all modes of transport. It is restricted in the air mode to 1 liter for passenger aircraft and 5 liters for cargo aircraft provided they are packed in an acceptable container (see packing note 800 and 825) of the current IATA regulations.

As it is regulated the following statements are in answer to your questions.

DOT Proper Shipping Name - Compound paint removing liquid
DOT Hazard Classification - Corrosive Material
Flash Point - None by Tag Closed Cup method
IATA Article Number - 497

We trust this information will meet with your requirements. Please feel free to contact us again if we can be of further assistance. ✓

Very truly yours,

OAKITE PRODUCTS, INC.
